Transition From Existing Home

Age in Place

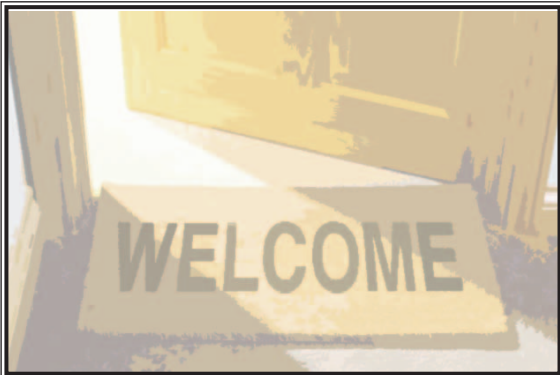

Renovation to Home

Barrier-Free Interiors

Lifestyle Plan

Relocation to Community

New Community Living

*Here are some key services offered by our experienced team that can be provided to assist in transitioning a **Lifestyle Plan** into reality (featured in Business Week 10/13/08):*

 **Planning Consultation**

- » discuss possibilities of aging in place
- » define offerings of community living

 **Barrier-Free Home Renovation**

- » value & style for interiors
- » accessible kitchen and bath
- » supplemental heating
- » 1st floor bedroom & bath
- » lighting enhancement
- » floor transitions/ramps & lifts
- » added storage/closet systems
- » moisture-barrier products
- » window treatments/glare control
- » safety accessories/grab bars
- » reverse mortgage information

 **Coordination For Relocation**

- » design furniture plan
- » downsize/organize to plan
- » prepare & stage home for sale
- » select realtor/mover
- » find best resale venue
- » pack & itemize charitable giving
- » clean vacated property
- » unpack & place possessions to mirror the plan
- » turnkey interior design for new home

 Future Option

Insured and Bonded

Owner, Letty Allen, is an Allied ASID member and graduate of The Harrington Institute of Interior Design. Her interior design practice, Design Lines, provides both the concept and the execution for barrier-free living within retirement communities and private residences. Solutions addressing all life's stages are developed with a creative style combining function and visual appeal. The focus for relocations and renovations is on transitioning environments to nurture the human spirit.
